HOME SECURITY AND PROPERTY GUARDING

MONITORING AND GUARDING

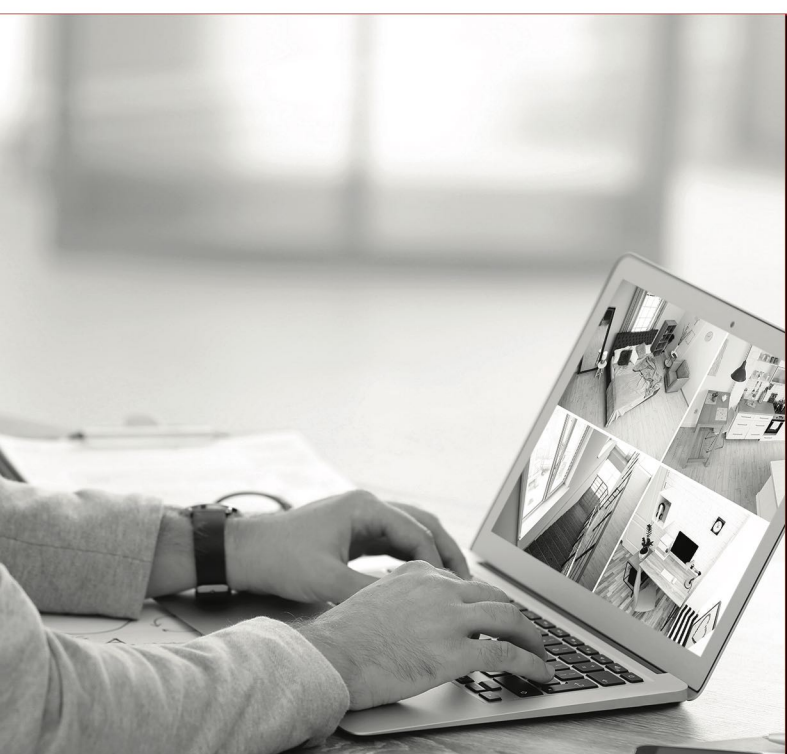

If you want to secure your estate, your offices, or your construction sites because you also know all about the statistics, IPS-BODYGUARD can help you keep your property under strict surveillance and have peace of mind whenever you are at home or outside.

Monitoring and guarding properties have become over time our main business, with close protection, because our results are perfect and our customers fully satisfied.

MONITORED SECURITY GUARDS

We have created our own IPS application which allows our agents to remain permanently connected with the company's control post.

The company can thus follow their movements and also receive their reports in real time. This permanent digital monitoring coupled with our regular human controls on sites enable us to provide our clients with a Platinum service.

ALARMS & CCTV

IPS BODYGUARD can install for you a video surveillance system and/or a basic or full alarm equipped with the latest technology in this field.

You will be able to control and view each monitored site on your phone at any time.

EVENT, CONGRESS, SEMINAR, FASHION SHOW SECURITY

Weddings, anniversaries, brand promotions, fashion shows, restaurant openings, and concerts are some of the events Ips Bodyguard provides security, screening, and reception for.

The professionalism, discretion, courtesy, and elegance of our officers will add value to your events; therefore, with IPS BODYGUARD, you can fully focus your attention on your guests.

- Paris, Milan, London, New-York, Dakar, Lagos fashion-weeks
- Cannes film Festival & Formula one GP
- Dubai horse race world cup

RISK ASSESSMENT - SECURITY AUDIT

IPS BODYGUARD is specialized in risk analysis and crisis management.

We assess the exposure of our clients to safety and security risks.
We then suggest solutions to remedy these issues and assist you in making the necessary changes.

ECONOMIC MARKETS ANALYSIS IN 10 POINTS

We assess operational risks in 120 of the largest countries of the world and conduct market analyses in more than 180 countries. In each country, our analysts identify these risks and provide us with real, verified and up-to-date information.

We analyze the following areas:
